

FINAL CHANCE TO SECURE FINAL PROPERTIES AT BATHGATE DEVELOPMENT

Walker Group has reported a significant growth last year among homebuyers opting to relocate to their popular Inchwood development in Bathgate, and announced the final properties remaining for sale.

Launched in early Spring 2003, a total of 87 four and five bedroom villas and sixteen select two bedroom flats were released for sale. The development's location was secured in Blackburn Road, offering excellent accessibility to Edinburgh and Glasgow road links, local public transport and a wealth of local amenities and education establishments.

Today, only 12 villas remain for sale which represent the final properties available for sale at Inchwood, offering the last chance to purchase a home in this sought after location.

Kareen Talman, Walker Group commented:

"Inchwood has been a complete success since it was launched last year, and has surpassed even our expectations. It has been extremely well received within the local community and has continued to attract buyers from Glasgow, Edinburgh and surrounding towns.

"The development provides an excellent range of accommodation that appeals to a broad spectrum of homebuyers and their requirements, and the location and choice of property styles have been an attraction particularly as more people consider moving further from the cities to ensure they receive the best value for money."

The four and five bedroom villas feature eight new house styles, exclusive to Inchwood. Specifications include French doors leading to the rear gardens, as well as integrated kitchens and bathrooms in a wide choice of colours and finishes. The villas are priced from £142,000 and range up to £225,000.
