The two new showhomes include the Windsor and the Ness, featuring stunning interiors designed by Glasgow stylist, Linda Reid. The Ness is a substantial home and includes, on the ground floor, a lounge, dining room, kitchen, dining area, family room, utility, wc and garage. The upper floor comprises five bedrooms, two with ensuite bathrooms, and the main family bathroom.

"Renfrewshire has become an extremely popular location for home buyers particularly in the new build market. Elderslie in particular is a growing location offering great accessibility but has an established infrastructure making it ideal for families. Both the villas and the apartments have been selling ahead of schedule as buyers continue to seek value for money within greenbelt, commuter locations," said Karen Talman, Walker Group.

Birthplace of William Wallace, Elderslie is close to Glensifer Braes, providing a wealth of outdoor pursuits, only several miles from Glasgow Airport and a short drive to Glasgow city.

The showhomes will open to the public on Saturday 29 January from 1.00pm to 5.00pm and thereafter opening times will be Thursday to Monday, from 1.00pm to 5.00pm. Further information is available from Lynne Niven on 07834 750439, from Walker Group's head office on 01506 413101
