

## **New release at Elderslie**

Elderslie continues to be a growing destination amongst home buyers as Walker Group's latest development, Mill Park, testifies.

A leafy suburb on the edge of Paisley, Elderslie is enjoying the renewed interest and investment in the area from the opening of new restaurants and bars to the exclusive launch of Xscape adventure and entertainment complex at Braehead.

Located off Glenpatrick Road, Mill Park will feature 108 homes on completion including a number of apartments which are already sold out. However, Walker Group has just released a further phase of properties including a choice of large family styled four bedroom and five bedroom detached villas.

Styles include the Nethan and the Elliott, and the newly introduced Hermitage, an attractive four bedroom home. Prices range from £229,000.

"With house prices continuing to rise month on month developments, like Mill Park, are becoming an increasingly attractive offer because of their fixed price status. This, combined with the growth and investment in Renfrewshire in general has raised Elderslie further up the list in housebuyers' preferred destination choice," said Sandy Casey, Sales Manager, Walker Residential.

Two showhomes are open to the public Thursday to Monday, from 1.00pm to 5.00pm. Further information is available from Lynne on 01505 336406, from Walker Group's head office on 01506 413101
