

Walker Group are in the mood at Elmwood

Only a few properties remain for sale at Walker Group's impressive Elmwood development in Moodiesburn since its launch eight months ago.

Part of Walker Group's contribution to the impressive Glen Iris development created in collaboration with two other developers, Elmwood features an impressive selection of homes including a mix of two, three, four and five bedroom villas.

A limited number of properties are available, including two terraced properties. Both Tantallon house styles, the popular two bedroom terraced villa is ideal for couples buying their first home or for those looking to downsize to a more manageable property. These compact but deceptively spacious homes offer an ideal alternative to apartment living, presenting similar room sets over two floors.

The ground floor of the property comprises of a lounge which leads to a fully fitted kitchen, as well as a downstairs WC and backdoor access to a turfed garden. Upstairs are two bedrooms, both featuring fitted wardrobes to maximise space and a family bathroom. The Tantallon is priced at £126,000.

"Moodiesburn has proved to be a complete success since its launch and the amazing sales over the past few months has seen the development almost sold out with homebuyers racing to secure a home at this impressive development," said Sandy Casey, Sales Manager, Walker Group.

Situated in the heart of North Lanarkshire, Moodiesburn is a bustling community, which boasts excellent local amenities and is minutes away by car from Cumbernauld and Kirkintilloch.

Within easy reach of Glasgow's city centre, the town is also ideally situated for city commuters with excellent road and rail links. With Glasgow in such close proximity, homeowners at Elmwood can also take advantage of the city's excellent facilities from its unrivalled shopping experience to its vibrant nightlife from pubs and clubs to theatre evenings.
