HERE COMES THE SUMMER AT CARRONBANK

Celebrate the beginning of summer at Carronbank in Falkirk where housebuilder Walker Group is offering £500 of Dobbies' vouchers to buyers of the last two remaining properties.

Lucky buyers can treat themselves to new sun loungers, garden furniture, a barbecue, plants, or even a patio heater for those days when the weather is less than perfect.

Currently available for sale at the popular development are the final two homes - a four bedroom Windsor detached villa featuring two public rooms currently available for £228,000, a saving of £20,000 on the original price. Also on offer is the four bedroomed Fitzroy, also with two public rooms, which costs £226,000, down from £250,000.

Sandy Casey, Sales and Marketing Director at Walker Group, said: "After such a long, cold winter, we thought it would be nice to encourage buyers to make the most of the summer sunshine at home, particularly as so many people are putting their holiday plans on hold as a result of the ash cloud.

"Carronbank is just the ideal place for nature lovers and gardeners as it is surrounded by green fields and has a lovely rural feel even though it's just a few minutes drive to Falkirk with all of its first class retail and leisure facilities."

- more -

The Dobbies voucher offer runs until the end of June 2010.

The development is a fine example of new build living where the choice, the style of properties, design and presentation of the development have quickly created a real sense of belonging for residents.

Sandy added: "Falkirk itself is the perfect commuter town as it has excellent transport links to both Glasgow and Edinburgh but still retains a very strong local identity with excellent amenities and historical attractions such as the Antonine Wall."

Walker Group has also enjoyed great success with its Daylesford site, which is adjacent to Carronbank. Only one property remains at this charming development of 14 homes which is located next to wooded farmland. Currently on offer for £173,000 is the three bedroom semi-detached Murray.

A former showhome it comes complete with a wide range of extras including an integrated fridge/freezer and patio doors to the rear garden, vanity units in the bathroom and turfed gardens front and back. The home is also carpeted.

The surrounding area offers renowned attractions such as Stirling Castle, the Wallace Monument and the Falkirk Wheel, the world's first and only rotating boat lift.

Excellent schooling is available locally with a number of respected schools in the area and Falkirk College providing first class educational facilities.

Further details are available by contacting the sales centre on 01324 639163 or alternatively, Walker Group's head office on 01506 413101.
